## ABOUT THE INSTITUTION

Narasu's Sarathy Institute of Technology, founded in 2008, by Smt. Mahalakshmi educational trust, Narasu's Sarathy Institute of Technology represents a rich tradition of excellence in technology-based education. A premier-league institution among the affiliates of Anna University, owes its vision to late Sri. "Narasu's" R.P.Sarathy an entrepreneur, educationalist and philanthropist. With dedicated efforts of over a decade, Narasu's Sarathy Institute of Technology has emerged into a centre of excellence in engineering education. Building purposeful partnerships with the industry, bolstering its wherewithal continually and evolving innovative programmes consistent with changing times, Narasu's Sarathy Institute of Technology strives to maintain its pre-eminent position as institution providing quality technical education.

## ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is a research-intensive department. Our faculty members and research staff and students are engaged in cutting-edge research activities that span a diversity of areas. These include Power & Energy Systems, Communications & Networks, Control & Intelligent Systems, Robotics, Integrated Circuits & Embedded Systems, Microelectronic Technologies & Devices, AI & Machine Intelligence. By leveraging on expertise in these core areas. The department engages industry and government agencies to address challenges embodied in the Smart Nation initiative such as the creation of intelligent environments, transportation, urban sustainability, security, and healthcare. The department of EEE attracts more fund & research grants every year. This level of funding together with well-equipped facilities have raised our research profile to the top amongst Electrical & Electronics Engineering departments globally. The dedication of our faculty and the keen interest exhibited by our students has produced a commendable academic record with university ranks every year.

## ABOUT THE PROGRAM

To impart knowledge on the following Topics

- Steady state operation and transient dynamics of a motor load system.
- Analyze the operation of the converter/chopper fed dc drive, both qualitatively and quantitatively.
- Operation and performance of AC motor drives.
- Analyze and design the current and speed controllers for a closed loop solid state DC motordrive.

With Education and Ethics, We Create Excellence

## ABOUT THE INSTITUTION

Narasu's Sarathy Institute of Technology, was founded in 2008, by Smt. Mahalakshmi educational trust, Narasu's Sarathy Institute of Technology represents a rich tradition of excellence in technology-based education. A premier league institution among the affiliates of Anna University, owes its vision to late Sri. "Narasu's R.P.Sarathy an entrepreneur, educationalist and philanthropist. With dedicated efforts of over a decade, Narasu's Sarathy Institute of Technology has emerged into a centre of excellence in engineering education. Building purposeful partnerships with the industry, bolstering its wherewithal continually and evolving innovative programmes consistent with changing times, Narasu's Sarathy Institute of Technology strives to maintain its pre-eminent position as institution providing quality technical education.

## ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering started in the year 2008. It is a full-fledged academic Department for emerging ECE engineers. Our faculty members and research staff and students are engaged in cutting-edge research activities that span a diversity of areas These Include Communications & Networks, Control & Intelligent Systems, Robotics, Integrated Circuits & Embedded Systems, VLSI design, Microelectronic Technologies & Devices, AI & Machine Intelligence. The Department engages industry and government agencies to address challenges embodied in the Smart Nation initiative such as the creation of intelligent environments, transportation, urban sustainability, security, and healthcare. The Department has been moving forward in achieving academic excellence with a strong commitment and dedicated approach, by clearly setting up of a vision of its own. The initiatives taken have already started yielding excellent results, in terms of research funding and other developmental activities thus keeping us in the path of excellence.

Respected Sir,

**Subject: Req. – To conduct Faculty Development Programme – Reg.**

We are planned to organize and conduct Faculty Development Program (FDP) on "Application of Mathematics in Science and Technology" from 21.06.2021 to 26.06.2021 through onlinemode.

Hence, I kindly request you to approve the above said program for the benefit of Faculties. The title is given below.

**Title: "Application of Mathematics in Science and Technology"**

**Tentative Dates: 21.06.2021 - 26.06.2021**

Thanking you,

Yours Sincerely,

Date: 14.06.2021

## ABOUT THE INSTITUTION

Narasu's Sarathy Institute of Technology, was founded in 2008. By Sri. Mahalakshmi educational trust, Narasu's Sarathy Institute of Technology represents a rich tradition of excellence in technology-based education. A premier league institution among the affiliates of Anna University, owes its vision to late Sri. Narasu's R.P. Sarathy an entrepreneur, educationalist and philanthropist. With dedicated efforts of over a decade, Narasu's Sarathy Institute of Technology has emerged into a centre of excellence in engineering education. Building purposeful partnerships with the industry, bolstering its wherewithal continually and evolving innovative programmes consistent with changing times, Narasu's Sarathy Institute of Technology strives to maintain its pre-eminent position as institution providing quality technical education.

## ABOUT THE DEPARTMENT

The Department of Science and Humanities was established in the year of 2008. The Department endeavors to integrate humanistic values with academic learning through introduction of relevant topics in basic sciences and communication skills. Science and Humanities lays down the basement for every budding engineer with the essential base tracks and vital ingredients of engineering education to help the students shape themselves as conquering engineers in building the nation's prosperity. The aim of the Department is to broadly educate aspiring engineering students in the basics of Mathematics, Physics, Chemistry & English which serve as a platform for the growth of students in their further study of Technical subjects. The strength of the Department lies in the perfect synchronization of knowledge and skills. The major motivating factor of the Department is the commitment

and team work that is exhibited in the teaching - learning process. Teaching and Research should go hand in hand. The faculty members of the Department actively participate and present papers in conferences and attend programmes such as workshops, seminars, FDP etc. Various guest lectures and industrial visits are arranged for the students to acquire practical knowledge in their course of study.
